CANDIDATES STEPPING BRISKLY IN WIND-UP

County Seat Dope Shows Strength of Local Candidate for Commissioner—Names Given as They Appear on The Ballots.

Brisk stepping is in order today, this being the windup of the county political campaign. Excitement is [illegible] There has been no sewing up of jobs and nobody in kingdom come can predict with any degree of certainty just what tomorrow's results will be in many of the offices. True there are rumors of slates, but so complex is the situation that the way it looks now it will take more than slates to pull any candidate or any collection of candidates through to victory.

In the county commissioner fight the county seat has been giving out a little dope. However the dope is so strangely assorted that little dependance can be placed upon it. Saturday night John O. Watson, the North Charleroi candidate - loomed up especially strong. Of Watson's strength there is little doubt. Another strong candidate is T. C. Luellen of Beallsville. Watson will get the river vote and a big following at other points all through the county. Luellen will draw in all sections. Another man who is strong is Thomas Hill one of the present commissioners. W. G. Shillito and C. M. Greer, among others will poll a pretty good vote.

The treasurer fight is still up in the air, as is also the sheriff fight. Isaac W. Baum or T. H. W. Fergus either might be picked as the winner of the district attorney nomination though Vernon Hazzard of Monongahela has his following.

Clark still seems to have the inside track for judge over Irwin. Samuel Amspoker of East Washington, will draw some votes from both, but he is not well enough known to seriously be considered.

There are three to be voted for for judge of the superior court on the non partisian primary ballot. The candidates are: John Benedict Head of Westmoreland county; Stephen Howard Huselton of Allegheny county; George B. Orleady of Huntingdon county; Charles Palmer, of Delaware county; William D. Wallace of Lawrence county; J. Henry Williams of Philadelphia county.

Following is the list of candidates for county offices as their naes will appear on the ballots.

Representative in Congress—Frank L. Bigha, Lawrence county; John A. Elliot, Beaver county; Henry W. Temple, Washington county.

County Commissioner—James A. Emery. C. M. Greer, M. M. Hempbill, Thomas Hill, Robert A. Johnston, Henry Y. Lash, T. C. Luellen, W. G. Shillito, Edward Taylor, John O. Watson.

OILED ROADS AND RAIN CAUSE AUTO ACCIDENTS

Damp Highways Causes Machines to Slide—Dr. Stahlman Pinned Under Car, Sustaining Injuries

Oiled roads caused four automobile accidents near Cooper's mill on the Bentleyville road Saturday night. So far as is known only two resulted in injuries to the occupants of the car. Dr. F. C. Stahlman's car 'slid over the side of the road and overturned. Dr. Stahlman was pinned underneath for about ten minutes until aid came and sustained bruises about his body. Lloyd Mehaffey, formerly of Charleroi, now of Washington, with his sister was a victim, the machine they were riding in going over the bank. The owners and drivers of the two other autos are unknown, and it is stated that their machines were not badly damaged.

TO THE REPUBLICAN VOTERS OF WASHINGTON COUNTY

Is the G. O. P. still the party of ...s and ideals, or is it simply an organization for the purpose of enabling the hungry to get their feet in the trough?

Of all the office seekers in the county at this time there is just one of those brave boys who offered his life to his country in the dark days of the 60's.

He is one of the few now remaining from that former generation but still maintains the vigor of youth.

For almost a generation he has lived and several among us as a faithful, but underpaid minister of the gospel.

He has not been a chronic office seeker, but now in his old age and need he asks the party of Lincoln to make him Register of Wills for one term. He will hardly be here for a second term.

How many will "rise up before the hoary head, and honor the face" of the brave veteran, Rev. T. W. Young next Tuesday.

An Onlooker.

Your Home Candidate For County Commissioner

JOHN O. WATSON

Here is your home candidate for County Commissioner. Mr. Watson is our neighbor and one of Charleroi's business men. He has been very closely associated with all the interests of Charleroi. He was here before Charleroi was founded. We owe him our endorsement. Every voter in Charleroi and vicinity should take a personal interest and give him a vote of confidence. He is Charleroi's candidate and Charleroi's friend.

HAMBRY SHOWS SUDDEN BURST OF STRENGTH IN HIS CANDIDACY FOR COUNTY TREASURER

The sudden burst of strength that has been shown by Squire Frank B. Hambry of Donora as a candidate for the Republican noination for county treasurer has been one of the surprises of the closing days of the campaign. Amid all the excitement incident to the congressional and judicial contests interest has been developing like wildfire in the fight for treasurer, recognized by all voters as one of the most important questions they have to decide tomorrow.

Squire Frank B. Hambry is not a blood and thunder campaigner but he is a vote getter. During the past two weeks he has made a swing around the county with a party of Donora boosters and has turned hundreds of votes to his support by frank manner and a personality that invites confidence in every one who meets him. Considered two weeks ago as scarcely a factor in the contest Mr. Hambry has gained strength so rapidly that he is being looked upon as a candidate who cannot be beaten.

Every section of the county will poll an enormous vote for Hambry and Donora, his home town, will give him unaimous support. It is no political secret that the treasurer fight has been kept open in every section of the county, leaders and voters showing until the last few days that no particular candidate had received anything like general endorsement. It has been a problem too deep for the most celver politicians to pick the winner.

It was this condition that Mr. Hambry and his party found on their trip over the county and their ability to overcome it with the plainly evident fitness of the Donora candidate makes the prediction of Mr. Hambry's nomination more than reasonable. Mr. Hambry's platform is the deposit of county money in interest bearing accounts and the conduct of the office in the interests of the taxpayers. His business experience makes him capable, his known honesty makes him reliable and the strength he has developed makes him the popular choice.

The Monongahela valley will give Mr. Hambry an enormous vote and the country districts are rallying to his cause. Workers everywhere are with Mr. Hambry because they know he can win and the slates, splits and eleventh hour trades all over the county have practically put other candidates out of the running as their going on one slate makes them lose practically an equal amount of support in some other section.

Mr. Hambry was recently endorsed for United States Consul service, receiving the endorsement of such men as ex-Governor John K. Tener. Elihu C. Root, Judge Ewing and others of equal proinence. He has had the experience that a county trasurer would require and his mature age is a balance in his favor with the conservative voters. With Donora's solid vote and the support he will receive here and in the farming sections Mr. Hambry will be the Republican nominee for the office of county treasurer after one of the most exciting eleventh hour finishes that has ever attended the race for any county office. h2-t1p

HAZZARD IN THE RACE

Of course I do not need to deny the rumor that I have withdrawn. I am in the fight for District Attorney until the polls close tomorrow. I expect the support of the river district and I certainly would not have gone to the extent of a campaign unless I expected to win and I could not withdraw if I wanted to. Vote for me as the river candidate.

TWO CHILDREN DIE IN DONORA CONFLAGRATION

Children Aged Six and Nine Years Are Victims—Blaze Comes From Explosion of Gas Which Occurs After Families Has Retired.

One of the worst fires in the history of Donora occurred Sunday evening at 10 o'clock when the home of John Kolozzie of South Donora was burned to the ground and as a result two children are dead, two badly injured and the mother and father also badly injured, the father suffering from burns and the mother as the result of leaping from the second story window to the ground.

The Dead

BARBARA KOLOZZI, aged nine years.

CERIAN KOLOZZIE, aged six years.

The Injured.

JOHN KOLOZZLE, suffering from burns and bruises.

MRS. KOLOZZIE, hurt in fall from window.

JOHN KOLOZZIE, Jr., aged 12 years, severely.

———— KOLOZZIE, aged 4, burned; will probably die.

The fire was the result of a gas explosion in the first floor, after all the family had retired for the night. The flames quickly spread through the first floor and cut off all means of escape. The family were finally awakened by the roaring and the crackling of the fire and did all in their power to escape uninjured.

The mother, Mrs. Annie Kolozzie with a two months old child in her arms jumped from a second story window to the ground. She was badly injured but her baby escaped uninjured. The father and two sons also jumped and all three were badly injured both from the flames and from the shock of the fall.

Before anything could be done to aid them, Barbara, aged nine and Cerian aged six years were burned to death. John Jr., aged 12, was also burned badly and another boy aged four was so badly injured that he is not expected to recover.

The firemen responded as quickly as possible but could do nothing except save the adjoining buildings. They carried out the bodies of the dead which were taken to the James Rabe undertaking rooms. The injured were taken to the homes of neighbors where medical attention was given them.

HORNBAKE IN RACE

I wish to emphatically state that I have not withdrawn from the contest for the Republican nomination for Sheriff and that I am in the fight to the finish, all reports to the contrary notwithstanding.

The U. S. Public Health service and the various state and local boards of health have taken adequate measures for the abolition of that distributer of disease germs, the common towel. Now comes the news that the common washrag is even a greater menace to health.

The hotels and public hostelries have recognized this for some time, and have supplied their guests with sterilized wash cloths in individual sealed packets. The damp "sour" smelling washrag still exists, however, in many private bath rooms. Imperfectly washed out after use, frequently not wrung out at all, it is often hung over a rack or a radiator near an open window, there to collect

Frequently the same washrag is used by the entire family, thus affording an easy means of transferrence of mouth secretions from persons to person. In many households each individual has his own wash cloth and his individual towel, but these hang so close to one another that there is ready interchange of bacteria. Each individual should have his own wash cloth. It should be thoroughly washed out with clean hot water if possible hung in the sun to dry. It should not come in contact with other wash cloths.

In the investigations the U. S. Public Health Service is conducting in regard to the prevalence of trachoma it has been found that common towels probably acted as a medium of distribution of the germ of disease.

Unseasonable weather always causes suffering. Two years ago the winter season was broken in January by the balmiest sort of sunshiny spring weather. Then in February the weather man satisfied all outstanding weather obligations, with the result that people suffered intensely from excessive cold. This summer, August usually the hottest month, was characterized by a prevailing coolness. By a peculiar process months were transposed, the seasonableness of the weather concerned and September became what August should have been. Consequently there has been suffering and death. And this is the way it always happens.

PICKED UP IN PASSING

Two retired tradesmen residing in the country were discussing matters generally, when one asked:

"How is your son doing in the city?"

"Oh, he doesn't say much about his business,' was the reply, "but he writes me that he's got a lot of friends!"

"That's very encouraging," remarked the other, "for it shows that he hasn't had to borrow money yet!"

Several old-timers were discussing Digby Bell in a Broadway cafe. "I remember one time Digby was ill in his dressing room," said one. "He called a doctor, who charged him $5. When the doctor left, Mrs. Bell's maid knocked at the door.

"Mrs. Bell wants to know what the physician said," came from the girl.

"Tell her he said '$5,'" grunted Digby.

A Kentucky editor was at death's door. The prominent physician of the town was bending over him thoughtfully. He tested the pulse.

"Circulation almost gone," he said sadly. Suddenly the editor rose up in bed.

"That's a lie," he said. "We have the largest circulation in the country!"

Hard to Select Outcome of Commissioner Battle, But Two of Three River Candidates Will Win.

The only nomination on the Democratic ballot for which there will be a fight in the county are those of county comissioner and the river has three candidates who are the strongest among them all. They are Dr. T. M. Faddis of Charleroi, A. P. Barnum of Allenport, present commissioner and Joe T. S. Cowen of Roscoe. Dr. Faddis is strong among the leaders and so are Barnum and Cowen. HIGH SCHOOL CAPTURES FIRST FOOTBALL GAME

Local Lads Defeat Braddock 25 to 7 —Good Backfield Work is Feature —Miksch and Lowstuter Show Brilliance.

The Charleroi high school football team had its first test of the season Saturday afternoon and made good use of it by defeating the Braddock high school eleven by the score of 25 to 7 on the Charleroi field. While not a mid-season attraction partly because of the intensely warm weather the game was still a good one and afforded Coach Gdaniec a much needed opportunity of seeing his men at work.

Braddock kicked off to Charleroi. Through the center of the field the two teams battled several minutes, Charleroi gradually working toward the Braddock goal. Miksch was sent over the line for the first touchdown. The second touchdown of the game were made in the latter part of Lowstuter after a long run.

The last two touchdowns of the gae were made in the latter part of the game, Captain Lowstutter making one and Miksch the other. Good interference on the part of Miksch and others was responsible for many of the big gains.

The entire team worked well Saturday. The halfbacks, Miksch and Lynn Lowstuter looked especially good. C. Lowstuter at quarter ran his team well and Hepler played a good fullback. The line positions were strong. The ends were better than last year with the two last year ends, Hickey and Piersol looking after them. Lineup:

To The Republican Voters of Washington County:

Many of my friends have insisted that I should have made a personal canvas all of the voters and it would have given me pleasure to meet every taxpayer in the county, I have not been able to do this as I hold it of more importance that I discharge the duties of the office to which you have elected me with all the fidelity and faithfulness at my command.

My record as your servant is the only platform I have. You, as voters, know what I have stood for, and what I have tried to accomplish as county commissioner. I have aimed to give every taxpayer a square deal, and to look after the interests of every locality to the best of my ability. You yourselves know how well I have succeeded. On the record I have made, and on the promise to look after the interests of your county with the same faithfulness I have exercised in the past, I submit my candidacy to your verdict at the polls Tuesday.

UNEXPECTED SWELL OF RIVER IS BENEFICIAL

The unexpected swell in the river during Sunday night and this morning will increase activities all along the Monongahela river front during the present week, especially if the rise reaches a gauge at Pittsburg. It will here is a not a large amount of coal loaded at that point for South ern shipments several of the larger mines of the southern division will be able to get away and will take every advantage of the present swell, which will be in the interest of the River coal consume.

The Diamond Coal company will send the Monitor and A. R. Budd out with tows for Louisville and other points.

While as a rule the month of August is considered a dry months the shipments and movements of coal, nut coal and slack were much above those of the shipments for either the previous month or the corresponding month of last year. The shipments ffrom the upper pools were most all consigned to the local trade, for the steel mills in the Pittsburg district putting out a greater tonnage than ever before in their history the coal consumption with them has undoubtedly been a record breaker.

HORSE BEST PET OF ALL, DECLARES MISS HINES

Speaking in superlatives, the bewitchingest girl in the Barnum and Bailey circus declares a horse is the sweetest, most lovable, gentlest and most faithful living creature. "Living creature"—get that? Not merely dumb animal, but much more sweeping.

"More sweet, lovable, gentle and faithful than—than—er—than men and women?" one timidly asks.

"Absolutely!" Miss Albena Hines replies replies with a flashing eye and emphatically compressed lips which only deepen her dimple. "Most human beings have traces of Old Nick in them. Horses are inherently kind. A horse will never hurt you unless in self defense. A horse will not step on you or kick you if he sees you.

Miss Hines lays her dimple against Ossianna's white neck and pats Ossianna's exceedingly pink nose. Ossianna is one of fifteen "statue horses" that will pose for the admiring multitude at the circus here next Wednesday, September 22 and Albena Hines is the little lady who puts the animal through her stunt without tap of finger or flick of whip.

It took Miss Hines and a male trainer five months to teach Ossianna and the others their tricks. Miss Hines comes from Kentucky, the land of horses and she knows a thing or two about them.

"You cannot train a horse by severity. Patience and sugar are the two essential things," she laughs while Ossianna moves an ear in the direction of that word "sugar" and snuffs at a certain pocket she seems to know in Miss Hines' duck suit.

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1625 Dounton St., Nicetown, Pa.

Another Woman's Case.

Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ADEL LAWSON, 126 Lippitt St., Providence, R.I.

Danger Signals to Women

are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.
